Setacolor

7A

Launched in the early '60s, the Setacolor range has become the essential tool for textile painting.

In 2013, the range was expanded by developing its colour chart and finishes in collaboration with major names in fashion.

Now made up of more than one hundred textile products, above all, Setacolor is the limitless means for you to express your creativity.

For light or dark fabrics, and for both professionals and amateurs, these high-quality paints do not alter the flexibility of your artistic medium, and are resistant to washing at 40°C after setting.

Ideal for home decor, clothing customisation or works on fabrics, expand your techniques with Setacolor colours.

PROPERTIES

- Water based paint
- Washing machine resistant at 40°C after ironing
- Professional quality, bright and vibrant colours
- Multiple effects: suede, shimmer, glittered, relief...
- Can be applied to most fabrics: cotton, linen, denim, leather...
- Multiple techniques: brush, pipette, acetate, stamp, screen printing...
- Miscible colours that can be overlapped

ARTIST'S POINT OF VIEW

www.vicustomshoes.blogspot.com

PABLO RUANO

Spain
VICUSTOMSHOES

"I love the Setacolor range: I like its texture, its opacity, the colours and the effects."

JESSICA VALOISE

Canada

"What I appreciate with Setacolor is the choice of colours and effects, and especially the quality: 10 years on, the colours have hardly changed!"

www.jessicavaloise.com

www.valbonabickerart.com

BOBBI BICKER

UK

"I love Setacolors because they are the best pigmented fabric paints on the market. The vibrancy on dark garments is amazing. The Pearlescent range is so gorgeous"

MEGUMI SUZUKI

Japon

"It's always a treat to paint with Setacolor: it makes it easy to customise clothes or fabrics around the house."

@megs_floral

@piccolabottegadeicolori

LISIN

Italy

"From glittered colours to more metallic shades, Setacolor offers a wide range of possibilities. I can express my emotions through all these colours I love."
